## Collaborative Activity

Academic year: 2018-2019

Date: 27/11/2018

Time: 01pm -03pm

Organizing Unit/Agency/ Collaborating Agency: Late Mrs. Housabai Homoeopathic Medical College & Hospital, Nimshirgaon.

Resource Person - DR. PADMAVATI KUMBHAR  
M.D(Hom.).Professor Department of PHARMACY, Smt. Housabai HMC & Hospital, Nimshirgaon

Title of activity – Seminar on ‘DRUG PROVING PROTOCOL’.

Venue: Gulabrao Patil Homoeopathic Medical College & Hospital Miraj.

Departmental /Committee activity: Department of Organon of Medicine and Department of Pharmacy.

Number of participants: Student: 189

Objective of activity: 1. To know the Pathogenetic effects of drugs.

2. To observe and record the subjective symptoms and changes in the appearance of surface / physiological function.

3. To know the characteristics of drugs.

Summary of activity:

Drug proving is important corner stone in Homoeopathy. Without proving similia principle hardly exist. It is the link between research and ultimately with the patient. Drug proving clarify the exact mechanism and site of action of potencies too. Therefore, for Homoeopathic development it is an important link.

## VISIT TO PATHOLOGY LABORATORY

Academic Year : 2018-2019

Date – 04/09/2018

Organizing Unit/Agency/ Collaborating Agency: Pathology Laboratory

Departmental /Committee activity: Department of Pathology/ Practice of Medicine

Number of participants: Student: 13

Year: 2<sup>nd</sup> BHMS

Title of activity: Visit To Pathology Laboratory

Objective of activity: To gain knowledge about how the procedures are carried out & their use in diagnosis of disease.

Summary of activity:

1. Hormonal immune assay analyzer-The basic knowledge about how it works, parts, the sample to be collected & it 'uses .It helps to analyze the level of TSH, FSH etc with more accurate & fast result,
2. Biopsy sample collection & storage- It helps in knowing the pathological conditions of the affected organ. The collected specimen is stored in acetylene, formalin, xylene etc.
3. Hot air oven-It helps in sterilization procedure by dry heat.

Academic year: 2019-2020

Date: 01/02/2020

Time: 10.00am-11.00am

Organizing Unit/Agency/ Collaborating Agency: SBL Pvt. Ltd., New Delhi.

Guest Speaker- Mr. Ramesh Shinde- FSO (Field Sales Officer)

Venue: Library Gulabrao Patil Homoeopathic Medical College, Miraj

Departmental /Committee activity: Department of Pharmacy

Number of participants: Interns- 80

Teachers: 10

Title of activity: Seminar on 'Standardization of Mother Tincture'

Objective of activity: Study of Standardization of Mother Tincture

Summary of activity:

Standardization and quality control of homoeopathic drugs is very challenging, as mother tinctures are derived from complex natural resources. Hence, there is a need of systematic evaluation of chemical markers which correlate with the proposed biological activities of mother tinctures.

Homoeopathic products are regulated as drugs under the Federal Food, Drug And Cosmetic Act and are subject to the same requirements related to approval, adulteration and misbranding as other drug products.

### **VISIT TO PATHOLOGY LABORATORY**

Academic Year : 2019-2020

Date: 16/09/2019

Organizing Unit/Agency/ Collaborating Agency: Pathology Laboratory

Departmental /Committee activity: Pathology/ Practice of Medicine

Number of participants: Student: 10

Year : 2<sup>nd</sup> BHMS

Title of activity: Visit To Pathology Laboratory

Objective of activity:

To gain knowledge about advanced Pathological Investigation & their uses.

Summary of activity:

1. ABG analyser- To major oxygen & carbon dioxide level.
2. 5 part haematology analyser- To differentiate white blood cells in to their 5 major sub population.
3. To differentiate cells – Neutrophils, Lymphocytes, Monocytes, Eosinophils and Basophils

## Collaborative Activity

### **VISIT TO PATHOLOGY LABORATORY**

Academic Year : 2020- 2021

Date: 05/02/2021

Organizing Unit/Agency/ Collaborating Agency: Pathology Laboratory

Departmental /Committee activity: Department of Pathology/ Practice of Medicine

Number of participants: Student: 10

Year : 2<sup>nd</sup> BHMS

Title of activity: Visit To Pathology Laboratory

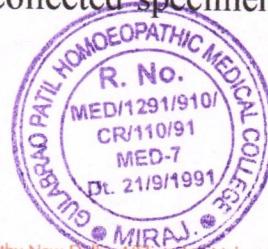

Objective of activity: To study advanced medical technology and its procedure.

Summary of activity:

ABG analyzer- to measure the oxygen and carbon dioxide levels in our blood as well our blood pH balance and sample is taken from an artery and not vein.

5 part hematology analyzer- To differentiate white blood cells in to their 5 major sub population. Neutrophils, lymphocytes, monocytes, eosinophils and basophils.

Biopsy sample collection and storage- for knowing the pathological condition and affected organ collected specimen is stored in acetylene, formalin.

## Collaborative Activity

Academic year: 2021-2022

Date: 10/08/2021

Time: 11.00am-12.00noon.

Organizing Unit/Agency/ Collaborating Agency: SBL Pvt. Ltd., New Delhi.

Guest Speaker- Mr. Ramesh Shinde- FSO (Field Sales Officer)

Venue: Library Gulabrao Patil Homoeopathic Medical College, Miraj

Departmental /Committee activity: Department of Pharmacy

Number of participants: Interns- 50

Teachers: 08

Title of activity: Seminar on 'Standardization of Drugs'

Objective of activity: Study of Standardization of Drugs

Summary of activity:

Before Preparation of drugs, drug substances are evaluated to a particular standard, to know their genuineness, given in a *Pharmoopoeia*.

Standardization and quality control of homoeopathic drugs is very challenging, as mother tinctures are derived from complex natural resources. Hence, there is a need of systematic evaluation of chemical markers which correlate with the proposed biological activities of mother tinctures.

For evaluation of drugs, the following methods may be undertaken-

- 1) Organoleptic
- 2) Microscopic
- 3) Biological
- 4) Chemical
- 5) Physical

### **VISIT TO PATHOLOGY LABORATORY**

Academic Year : 2021-2022

Date- 10/01/2022

Organizing Unit/Agency/ Collaborating Agency: Pathology Laboratory

Departmental /Committee activity: Department of Pathology

Number of participants: Student: 10

Year : 2<sup>nd</sup> BHMS

Title of activity: Visit To Pathology Laboratory

Objective of activity: To study advanced machineries and their uses.

Summary of activity:

1. ABG analyzer
2. 3 part hematology analyzer
3. 5 part hematology analyzer
4. Hormone immune assay analyzer
5. Biopsy sample collection and storage

## Collaborative Activity

Academic year: 2022-2023

Date: 27/02/2023

Time: 11am -12 noon

Organizing Unit/Agency/ Collaborating Agency: Nootan Homoeopathic Medical College & Hospital, Kavatemahankal.

Venue: Nootan HMC & Hospital, Kavatemahankal.

Guest Speaker: Dr. Jineshwar Yaligouda M.D. (HOM). H.O.D & Professor Department of Anatomy, Gulabrao Patil Homoeopathic Medical College & Hospital, Miraj.

Departmental /Committee activity: Student Welfare & Department of Anatomy

Number of participants: Student: 90      Teachers: 10

Funding agency: Maharashtra University of Health Sciences, Nashik

Amount of

Funding: 10,500/-

Title of activity: Seminar on Organ Donation

Objective of activity: To promote & give the knowledge relating Organ Donation and part of National Organ Donation Organization.

Summary of activity:

The activity was conducted under the Bahishala Shikshan Mandal Scheme under MUHS, Nashik organized by the MUHS affiliated college Nootan HMC, Kavatemahankal, to give the knowledge and promote the students in the abhiyan of Organ Donation.

Importance of donation of each organ was discussed in detail.

Awareness regarding the donation of organs was emphasized to the students to promote them for Organ Donation.

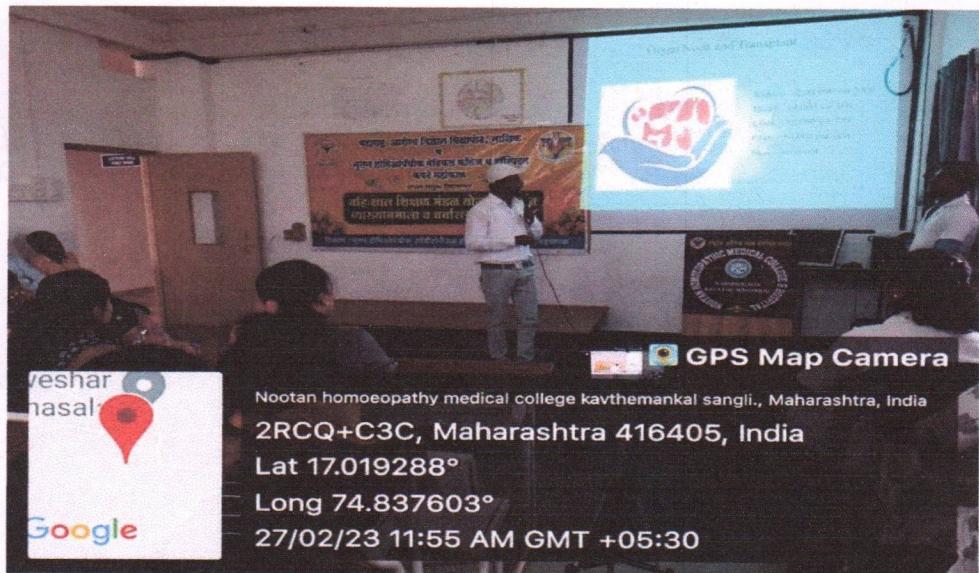

The motto was that each and every student should become a ambassador of the organ donation.

“GIFT THE BLESSINGS OF LIFE TO SOMEONE”

Time: 09am -11am

Organizing Unit/Agency/ Collaborating Agency: Late Mrs. Housabai Homoeopathic Medical College & Hospital, Nimshirgaon.

Resource Person - DR PRAVIN VADAGAVE M.D(Hom.). Guest Professor Department of Forensic of Medicine, Smt. Housabai HMC & Hospital, Nimshirgaon.

**TOPIC:** SEMINAR ON PHARMACOGNOSY AND STANDARDISATION OF HOMOEOPATHIC DRUGS

Venue: Gulabrao Patil Homoeopathic Medical College & Hospital Miraj

Departmental /Committee activity: DEPARTMENT OF ORGANON OF MEDICINE and DEPARTMENT OF HOMOEOPATHIC PHARMACY

Number of participants: Student: 70

Objective of activity: 1) To study each remedy from different source books and their material, collection, utility. .2) Application of this knowledge to heal patient.

#### Summary of activity:

The seminar conducted elaborated upon importance of standardization of Homeopathic medicines. Homeopathic medicines must follow standards by HPI. The medicines must be prepared as per GMP guidelines. Pharmacognosy deals with source, cultivation, collection, preparation, distribution, identification, composition and preservation of crude drugs of vegetable and animal origin.

Awareness was created to study each remedy from different source books and their material, collection, utility so as to apply this knowledge to heal patient. Also, emphasis was given on dynamization of drugs should be as per rules and regulations in pharmacopeia.

**Collaborative Activity**

Academic year: 2022-2023

Date: 26/09/2022

Time: 10.00am-11.00am

Organizing Unit/Agency/ Collaborating Agency: SBL Pvt. Ltd., New Delhi.

Guest Speaker- Mr. Ramesh Shinde- FSO (Field Sales Officer) & Mr. Nitin Deshmukh (Medical Representative)

Venue: Library Gulabrao Patil Homoeopathic Medical College, Miraj

Departmental /Committee activity: Department of Pharmacy

Number of participants: Interns- 60

Teachers: 10

Title of activity: Seminar on 'Preparation & Preservation of Drugs'

Objective of activity: Study of Preparation & Preservation of Drugs.

Summary of activity:

- 1) For preserving potentised medicines, colored bottles should be avoided.
- 2) They should be preserved in a dry cool place, protected from too much heat or cold.
- 3) Avoid everything that affects the purity of the potentised medicines.
- 4) The medicine should be used within five years of manufacture.
- 5) Preparation of Camphor should be kept separate; otherwise they may antidote almost all medicines of vegetable origin.
